Gavin Gleinig

361-215-6298 298 Long Point Dr
gavingleinig@gmail.com Portland, Texas 78374

SUMMARY Master of Computer Science candidate with strong foundations in Deep Learning, Computer Vision, and Mathematics. Passionate about applying deep learning to solve complex, real-world problems.

EDUCATION

Texas A&M University, College Station, Texas

Master of Computer Science, May 2026

4.00 GPA, Coursework in AI / ML

Bachelor of Science in Computer Science, May 2025

3.98 GPA, Minor in Mathematics

TECHNICAL SKILLS

Languages: Python, C++, Java, JavaScript
Frameworks: TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy
Developer Tools: Git, Linux/Unix, Docker, Pip, Jupyter
Interests: Deep Learning, Computer Vision, Computer Security, Data Mining

PROJECTS

Transform-Dependent Attacks via Diffusion Models (AI Security Research)

- Conducted literature review on adversarial AI to identify gaps in vision model robustness
- Adapted PyTorch framework to create inputs that conditionally trigger misclassification
- Validated results, achieving 72% success rate while maintaining high quality (0.132 LPIPS)

Generative 3D Data Reconstruction & Data Synthesis

- Developed generative AI pipeline, creating high-fidelity 3D models from sparse data inputs
- Integrated deep learning (ControlNet, LoRA) to synthesize and repair missing data views
- Conducted quantitative validation, achieving 41% improvement in PSNR over baseline

Privacy Policy Classification with Retrieval-Augmented LLMs

- Evaluated RAG-enhanced LLMs for text classification, co-authoring formal research paper

WORK EXPERIENCE

E-Commerce Operations Intern Summers, 2022 – 2024

Gloxco, Alice, Texas

- Developed Python scripts to automate data entry for shipment tracking
- Designed and maintained data visualization dashboard to communicate inventory metrics
- Optimized physical data retrieval process for ~1,400 SKUs, improving retrieval efficiency

IT Project Intern May 2025 – July 2025

City of Portland, Portland, Texas

- Deployed IDS across 5 municipal networks for real-time threat monitoring
- Mitigated security incidents, including malware removal from phishing attacks

ACTIVITIES

Corps of Cadets, Fightin' Texas Aggie Band Aug 2021 – May 2025

Training Officer

- Led 10-person team responsible for physical wellness of 60+ member unit

Scholastics Sergeant

- Mentored and tutored cadets, achieved 3.4 unit-wide GPA & won Most Outstanding Outfit

OR Simpson Honor Society Aug 2021 – May 2025

Honor Society serving Cadets through tutoring and mentorship
